Sarawakiana*

INTRODUCTION

The inaugural Sarawakiana Carnival was held at the State Library, Kuching for the very first time in 2010 in conjunction with the 10th anniversary of the Sarawak State Library with a variety of activities on history, arts and culture. The event was also organised in 2011 and 2015 in Miri.

In 2016 the carnival became an annual event and was held in Kuching and Miri to give greater impact in the state.

In 2019 the event was organised once every two years and the Sarawakiana Carnival was changed to **Sarawakiana Festival**.

OBJECTIVES

To promote the role of Pustaka and its Knowledge Partners as catalysts for lifelong learning culture towards better understanding of our own unique identities;

To support and trigger more research on Sarawak biodiversity, history, culture, arts and indigenous knowledge on Sarawak;

To assist in the enrichment of local content resources through various compiled information on the programme;

To strengthen and intensify collaborative initiatives between Pustaka and collaborating partners.

FESTIVAL THEME

The theme for this year's festival is simply *Daun* in Malay or **Leaf** (noun) or **Leaves** (plural) in English. It was chosen to reflect the significance and use of local leaves, especially to the many indigenous groups in Sarawak. The knowledge exemplifies the way of life of its **people, culture and arts, history, customs and traditions**, continuously being practised and preserved for sustainability to future generations as laid out under UNESCO's Sustainable Development Goals (SDG 11).
